5. Are there any brands or design examples you like? (e.g., logos, colors, or design apps. Feel free to share links).

Logo

6. **What about logo**

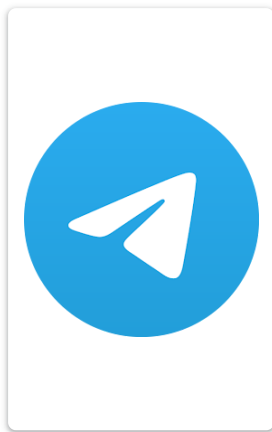

Who are your audiences? Who is this logo for? What kind of customers are you attracted to?

7. **Is there a single idea or feeling that can be distilled into your new logo? What should it be?**

Just imagine you had a new logo from scratch. If there was one thing, one idea, or one feeling, or one personality, or one word trait that you could embed into the logo for your business. What should it be for your business or company? What do you want people to feel or to think when they see your logo?

8. How do you imagine your app's logo?
